2022 Collegiate Scholarship Application
Archeology Academy

Please note: Persons who have been awarded TAS scholarships in the past may not apply for another TAS scholarship until 10 months have passed since the award of the previous scholarship. This will allow TAS to provide scholarship opportunities to as many different individuals as possible.

For TAS membership purposes, a student is an individual in grade school through college/university whose coursework is considered to be half-time or more.

As TAS scholarships are funded by donations, it may be necessary to award partial scholarships. Would you be willing to accept less than the stated amount if there were insufficient funds?
