

Texas Archeological Society's Geoarcheology Academy, Victoria

March 8-10, 2024

In partnership with the Coastal Bend Archeological Logistics Team, the Museum of the Coastal Bend, Victoria College, and McNeill Family Ranch

Building on previous geoarcheological academies, the upcoming Geoarcheology Academy is offered in Victoria the weekend of March 8-10, 2024.

Participants will learn about basic principles of *Earth Science* and *Geoarcheology* in a classroom setting and in the field with an experienced team of geoarcheologists. Participants will discuss soil profiles in a variety of landscape and site settings with the instructor team. Participants can expect to learn about interpreting landscapes and profile exposures, utilizing geoarcheological reports, and how to work with geoarcheological experts. The Academy will be held at Victoria College with field time on the McNeill Family Ranch.

To Register, visit: <https://www.txarch.org/Academies>

Scholarship Opportunities: <https://www.txarch.org/TAS-Scholarships-Overview>

Registration Fee: \$200 plus TAS membership. CPE credits available.
